Dear Steve,

It is with great pleasure that I send this letter of recommendation for Full Effects Productions' "Save the Earth" program. This performance was held at the Pinelands Branch Library on Tuesday, April 21, 2009.

Steve arrived in plenty of time to set up and prepare for the performance. Prior to the actual time of the show, he had music playing which entertained those who arrived early and helped everyone settle into their places.

Both the children and the parents in the audience were captivated by the magical tricks presented by Steve. The flow of the program was enhanced by his verbal interaction with the children. Several children were called upon to assist with the magic. They were always treated with respect and encouragement. At the completion of the program, many parents, and children, commented on how much they enjoyed the show.

We look forward to having Full Effects Productions at our library in the near future.

Sincerely,

  
Mary Zaccardi
